

IMPORTANT NOTICE

INTERIM GOLF PLAY ARRANGEMENTS

6TH HOLE OUT OF PLAY

Management wish to advise that, given the unprecedented rain events which have occurred over the past three months, the decision has been made to close the 6th hole for an indefinite period until such time as safe access can be restored.

The hole has been deemed to be unfit for play after several incidents of cart damage and high risk of personal injury given the condition of the fairways and surrounds.

After completing play on the 5th green, players will be required to follow the marked access path from the 5th green to the 7th tee.

As a temporary substitute, players will now play the 3rd hole twice (as a new 17th).

Players will then continue, after completing the 3rd, to the 18th tee.

Please note changes to the scorecard, which reflect the changes to the affected holes.

These interim arrangements will take effect from Sunday 8th May.

Club Management and the Golf Committee apologise for the inconvenience but appreciate member support given the circumstances we are forced to deal with.

Andrew Terry

Chief Executive Officer

6th May 2022.
