MONTHLY WINNERS

FRASER MARINE / QUINTREX MONTHLY MEDAL - August 25

The Mens Monthly Medal was won by Paul Hutchinson.

It was his first good round since he turned 70.

LADIES MONTHLY MEDAL

Erica Hansen was the winner of the Women's Monthly Medal

SOME GOOD SCORES FOR JUNE

Wendy Farrell had 2 wins with 37 points and a net 71.

Gerard Kelly won the final of the Men's Match play defeating Mark Spink in the final. Gerard also won the day with 38 points

Kade Ritchie had one of the best round at the club for a while winning with 45 points. This will knock his handicap down.

Stephen Lynch had a 38 points to win a Tuesday pro comp.

Syd Donaldson must like the white tees. He had a net 70 to win a Saturday Comp.

FRIDAY SHOOT OUT

David Langenbaker had a good round of 24 points to win a Friday Shootout.

\$100 RAFFLE

The **\$100 raffle** will start September 13th.

You do not need to be at the Clubhouse to win this one.

The **\$200 raffle** will be the first Saturday of each month.

You will have to be in attendance to win the \$200. If the name drawn out is not in the Clubhouse the money will jackpot until the next month and continue to jackpot until the winner is there.

The Committee will not make money from this but we hope to get more people back to the Club on Saturdays after golf.

The cost of a Saturday Competition will go up to \$20.

THE COURSE

The temporary green for the 5th hole will open on September 3rd.

From this, the temp green will move to the present 17th tee.

This will then become a shared tee for the 6th and 17th holes.

We will now have 18 separate holes.

Watch for information on how to get from the 8th hole (which was the 7th hole) to the 9th tee. There will be signs to guide players on how to get there.

The new 9th tee will open towards the end of the year and the new 5th green is still a while away.

Hopefully before Christmas.

NEW COMMITTEE

John Fletcher was once again elected president of the Golf Committee for the 100th time.

His experience is very valuable to the committee and we thank him for standing again.

RULE OF THE MONTH

Relief from GUR

How to take relief:

1. Identify the nearest point of complete relief:

This is the spot nearest to your ball where the GUR no longer interferes with your stance, swing, or the area of intended swing.

2. Measure one club length:

From the nearest point of relief, measure one club length in any direction. This defines the relief area.

3. Drop the ball:

Drop the ball within the one club length relief area. It must come to rest within this area, and it's not allowed to be closer to the hole.

4. Play the ball:

The ball is now in play from the new location.

GOLF JOKE

After a particularly poor round, a golfer spotted a lake as he walked despondently up the 18th.

He looked at his caddie and said,

"I've played so badly all day, I think I'm going to drown myself in that lake."

The caddie, quick as a flash, replied,

“I’m not sure you could keep your head down that long.”
